

## Education Plan: Eric Reid

1. Open door policy for Eric:
  - Visit with his counselor when needed, as needed.
  - Check in with administration when needed, as needed.

These are designed to provide guidance for Eric as he works through a few social and academic issues at school. We are creating self-advocacy, done in the right manner and proper approach; and in developing problem-solving skills in relations with peers and staff.

1. Weekly grade checks by the JV2 basketball coach, Aaron Harris, monitored by Chris Roche, head coach. Pass all classes this fall and in the spring. Eric's grades slipped late November, early December. We are confident those grades will change before the semester ends.
2. Daily monitoring of attendance.
3. Follow up on summer courses to become credit whole entering his senior year.
