To.

Whom it may concern,

Im writing you to Inform you the reason why Eric Reid needs to be on a hardship to play basketball for wilsonville high school. Eric needs to continue working on getting his grades up in a couple of his core classes, which he is working on now. Also that includes his online classes he is making up from last year. I think with the proper communication he has with his counslor and teachers he staying on the right track and path on his grades.

Sincerely,
Devon Reid
