My reason why i have to catch up on credits is because I wasn't doing that good freshman year at David Douglas. I was goofing off an messing around with my friends so I didn't get any work done. Thats why i moved back to Wilsonville because of my cousins they said it was a good school an they can keep an eye on me. So ever since I've been going to Wilsonville I've been getting my grades up an my credits and also i haven't been messing around. Im at 10 credits so I'm able to play.
