

November 19, 2015

To Whom It May Concern:

We are writing this letter to request that an exception be made to allow our son, Coby Jacobson to participate in wrestling at Sprague High School. We understand that the wrestling season has already started and that the time for registering for this sport has past, however, Coby just registered for school at Sprague on Wednesday, November 18, 2015. Prior to registering at Sprague, Coby had been housed at a residential facility where he was completing a treatment program.

While housed at the residential facility Coby was completing classes on the residential campus through a program run by the Canby school district. Coby completed the treatment program on November 13, 2015 and has returned to our home with the expectation that he register and attend the local school. His program counselor has recommended that Coby participate in sports and other extracurricular activities.

Prior to his time at the residential facility, Coby participated in wrestling at West Salem High School as a freshman. Coby enjoyed the sport and is looking forward to the possibility of participating in wrestling once again. Coby's younger brother Garrett also attends Sprague and has joined the wrestling team. It would be a good experience for Coby to participate in an extracurricular activity with his brother.

We hope that you will understand the circumstances described above and allow Coby to participate in wrestling at Sprague. We appreciate your consideration and look forward to your response.

Thank you.

David & Kathy Jacobson

November 19, 2015

My name is Coby Jacobson. On the 18<sup>th</sup> I registered at Sprague and will not be starting school until after Thanksgiving break.

I am very interested in joining the wrestling team but understand that the session has already started. I am writing this letter to ask for an exception to be allowed to join the wrestling team even after the session has started.

Thank you for your consideration. I look forward to representing Sprague on the wrestling team.

Coby Jacobson

A handwritten signature in dark ink, appearing to be 'Coby Jacobson', written in a cursive style.
