To whom It may Concern

I am writing this for Cammeron
Canier

Cam has not been able
to go to school this year
like he should due to his
father. It has made it very
hard for him, he was homeless
for about a month till I could
get him back over here with
me. He is on track now
going to school getting good grades
and would like to play basketball.

I am asking if you would
consider letting him play.

Cam is very smart
normally a A-B student.
He just need a chance to
be a kid and live in a
good home. Please consider
this.

Thank you
