To whom it may concern,

My name is Coleby Hart, and I would like to play basketball for McKenzie High School. I am slightly behind in credits for two reasons... the first is that the previous school district I was in went by and 6 credit per year scale instead of the 7 credit per year scale McKenzie goes by. The second reason is that I didn't think my freshman year would affect me as badly as it did. I was later assigned an education advocate that I went to twice a week for help with all of my school work in order to get caught up on credits. She then helped me get into summer school so I could get one more at the end of my sophomore year. I have been doing my best to stay caught up in school and I ask for help when I need it. I want play basketball because being part of a functioning team will better strengthen my social skills when I am an adult. Playing basketball is more than just participating in a sport... to me it is finding what I am good at and using that skill to contribute to a family that can be my own. School would not be affected by me playing basketball, if anything my grades should improve because I will have more friends to be able to help out on subjects that are difficult for me. Thank you for taking the time to read my hardship letter

To Whom It May Concern,

I am writing this letter on behalf of Coleby Hart. I have gotten to know Coleby over the past month as he has enrolled in McKenzie where I serve as Principal and moved into my home where my wife and I serve as his foster parents. Coleby is in our home in order to grow as a student and citizen. He has made poor decisions in his past, decisions that may have been avoided given more guidance and support in his life. The program we work with strongly values student participation in school and extra-curricular activities as these are avenues to help connect at risk students with caring adults. We all know the power of a positive adult in our lives. It is safe to say that most of us are in this field to help be the positive connection for the students we teach and the players we coach.

Beyond positive adult connections, athletics offers young people needed structure, discipline and team work skills that are vital to our society, beyond that athletic participation promotes connections with peers. As Coleby works to grow in these important skills, he would benefit greatly by the opportunity of continuing, applied practice and the ongoing relationships with peers and coaches that athletics provides.

Please consider allowing Coleby Hart to participate this season.

Thank You,

Lane Tompkins

Mountain West League Hardship Committee,

I'm writing on behalf of Coleby Hart and his wish to participate in athletics at McKenzie High School. Coleby arrived at McKenzie nearly one month ago and has shown to be a respectful and diligent student. Coleby is currently in foster care and living with our Principal.

Coleby has been moved around to multiple homes over the course of his childhood and has been able to maintain academics at a moderate level which I feel is exceptional considering the many transitions in his life.

I feel that Coleby's participation in athletics at McKenzie will allow him to further develop the essential skills and move him in the direction of becoming a successful adult.

If you have any further questions, please don't hesitate to contact me at nbarrett@mckenzie.k12.or.us or 541.554.3899.

Sincerely,

Neil Barrett
