This letter is written in application for academic eligibility for Quinten Scott. Quentin is a 10th grader and has been a student at Madras High School since the start of this school year. As a freshman he attended Lawrence High school in Kansas and Crook County High School in Oregon. Please see the letter from Quinten and his parent for more details on their family situation.

During Quinten's freshman year his family was homeless with each member living in a different location. Please see the parent letter for more details on their situation at that time. He earned 2.5 credits during the 2014-15 school year between Lawrence and Crook County High Schools.

Right at the start of the 2015-16 school year Quinten made a poor decision and ran afoul of the law and the school district. He has been expelled from Madras High School until 9/2016. He is currently attending MHS on a strict probationary behavior contract. A violation of his probationary status will result in him moving out of probationary and into expelled status.

While being on probation, he has earned 2.5 credits since the start of the school year. Quinten is well on his way to recovering his required credits for graduation. The credits he has earned are in core classes which is crucial to keeping a path towards graduation.

Quinten is on an educational IEP. The document summary is attached for your review detailing his educational modifications.

Please feel free to contact me regarding Quinten Scott and his portfolio requesting athletic eligibility.

Respectfully Submitted,

Evan Brown
