Columbia Basin Conference Committee

Dear Committee, I am writing in regard to the hardship application for Kassidy McCullough. Kassidy has moved from another school in our county district to Heppner. She was a student at Riverside High School where she did well academically.

Recently Kassidy and her family made the decision to enroll in Heppner schools. Kassidy has experienced harassment and bullying behavior while in Riverside High School. She has detailed this in her letter. The situation has caused her to travel thirty five miles one way to access a more positive environment.

I believe Kassidy is deserving of a hardship to participate in athletics at Heppner High School.

Respectfully,

Greg Grant
Heppner High School
