Re: Talia Whitmore – Eligibility Request, Wapiti League

Talia Whitmore is currently a student at Elgin High School. Talia's father took a job working for the City of Elgin and they plan on relocating to Elgin. They have sold their house in La Grande, purchased a home in Elgin, and are currently residing with relatives in Summerville awaiting work completion on their Elgin home. Their official date of occupancy within the Elgin School District is dependent upon the completion of the home renovations. They are prepared to take up residency as soon as the work is completed. As with any home or construction project there are always unforeseen delays or issues that arise. I have spoken with the family and they assure me that everything is moving according to plan. I am asking that the league grant this eligibility request so that Talia can compete for the Elgin Girls Basketball program as soon as possible.
