

To whom it may concern,

I, Robert Torres, moved from California to Oregon because of money issues and family. when I was Oregon for last summer I had talked to some Graduated students from Bandon high. When I had talked to them they informed me of the school's activities, sports, and clubs. Not only that but an uncle Johnny Helms had been going to Harbor Lights Middle School. I thought it would been convenient if I had went to Bandon High so there was no extra trips.
