Cheryl Ashdown

To Whom It May Concern:

We have received a request for enrollment certification for Emma Beth Williams. Independent Study students are encouraged to complete their courses as if they were under the same deadlines as regular students; however, they have one year from the date of registration to complete each course. Enrollment in Independent Study courses does not constitute any status of enrollment at Brigham Young University.

Emma Beth Williams is enrolled in the following course(s):

<u>Course Number</u>	<u>Enrollment Date</u>	<u>Expiration Date</u>	<u>Credit Hours</u>
GEOM 043	Jan 22, 2016	Jan 21, 2017	0.50
JOG 041	Jan 22, 2016	Jan 21, 2017	0.50

Because students have one year to complete their courses, Independent Study does not provide enrollment status. However, to determine if a student is a full-time or part-time student, please see the paragraphs below:

University Courses (courses numbers starting with any number except zero): If the student were enrolled in on-campus courses with the same requirements they would be considered a full-time student if they were taking at least 12 credits on the university level.

High School Courses (course numbers starting with a zero): Students would be considered a full-time student if they were enrolled in at least five courses.

The BYU Independent Study DOE accreditation code is 003670. If you have any questions regarding the student's status, please do not hesitate to contact our office at 1-800-914-8931. Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "John E. Taylor".
