Tracy Fivecoat  
North Lake High School

Dear Ms. Fivecoat and the OSAA hardship committee,

I am glad to hear that Matt Palomino is attending your school and interested in playing baseball. Matt was an active student at our school and on-track to graduate this year with his modified diploma. We think it is important that Matt be part of any athletic teams that you offer.

Matt's home life has prevented him from staying in our school. I understand that he had to move back to North Lake because of a family situation. I know that he has a supportive family there and it only makes sense that he would go back there. I think that participating in baseball will also help him to come to school regularly and finish his last year of school.

Please consider Matt a worthy candidate for receiving the hardship.

Sincerely, —

Dianne Gorman, Principal  
Butte Falls Charter School
