Dave,

Jonah's Online Classes:

Anthropology: 20% completed. 82% average in the class.

Game Design: 3% completed. 85% average in the class.

Life Skills: 16% completed. 97% average in the class.

Public Speaking: 10% completed. 94% average in the class.

Biology: 9% completed but it was dropped when he added it on campus.

He also has 2 classes on campus:

Biology and Art.

Is this what you need?

Michelle

Michelle,

The immediate issue for Jonah is his grade/credit deficiency for athletics. He has 0 credits on his transcript as a 10th grader which makes him ineligible. I saw a transcript from his mother but these are from a non accredited home school situation as you are probably well aware of. I would guess that we will not accept any of these credits. This will force us to appeal for his eligibility and I have discussed this with Julianne and asked her to get the ball rolling with a letter of explanation from both her and Jonah and I will put together the rest of the information.

Could you help me out and send me a progress report from the courses he is taking with you?

Thanks,

Dave Williams

Hi Dave,

I wanted to touch base with you regarding Jonah Tiegs. I got a call from Roger McMillian this week and today from Julieanne (Jonah's mom). I wanted to see if there is anything you need from me regarding his eligibility to play Tennis.

I'm sure you are already aware that he is enrolled in 4 online classes (it was 5 until he started at BHS for 2nd semester) . I met with the family day before Christmas Break to enroll him in the district and he started classes after the break.

Is there anything that I should know before returning mom's call?

Thanks!

Michelle
