This letter is written on behalf of Devin Robillard. Devin is currently a Junior at SHS and this year he traveled abroad as an exchange student during Trimester #1, #2 of the 2015.2016 school year. During his time abroad he was enrolled in school full time but did not earn credits towards graduation at Sisters High School. Before Devin left he worked hard to gain extra credits so he would be on track to graduate from Sisters High School. As you can see from Devin's progress report he is on track to graduate and he earns good grades. Over the next 4 trimesters students on average earn 2-3 credits. At this pace he will graduate on time with his class.

We are seeking a hardship for an exception to rule 8.1. Academic Eligibility as he did not earn any credits in the previous trimester. Devin is hoping to participate in Golf this spring for Sisters High School.

Thank you for considering this hardship. Please don't hesitate to contact me if you have any questions or concerns.

Respectfully,

Tim Roth

Devin Robillard is a junior at Sisters High School. He is grade deficient for the past two trimesters because he participated in a student exchange program through International Student Exchange. He was in Austria from September 1st 2015 through February 7th 2016.

While in Austria he attended high school full-time but unfortunately that does not count toward school here in the U.S. Knowing this Devin worked hard to get ahead at Sisters High School and is still on track to graduate with his class next year.

Devin is enrolled in Sisters High School again full-time for the spring trimester and would like to play on the golf team. Devin is a good student and had an amazing educational experience while in Austria. Please allow him to participate in the golf program at Sisters High School this spring.

Sincerely,

The first two trimesters of the 2015 - 2016 school year I earned zero credits so therefore I am credit deficient. During these two trimesters I was on exchange through the organization ISE. I spent the last two trimesters abroad in Austria. While in Austria I lived with a family learned German and attended the school, Wimmer Gymnasium in Oberschützen, Austria. I had so many amazing experiences that helped me grow as a person. Though I didn't earn any credits (because the schooling that I did in Austria does not transfer to the American school system) I think I gained a lot more in terms of knowledge and maturity. This third trimester I will be attending Sisters High School and I hope to also play on the Sisters Golf Team for my third year. Thank you for your understanding.

Sincerely,
