

Dear Mr. Walker:

You asked me to write a letter why golf would be good for Austin Fung to play at PHS.

Austin had always been a good student from K-8 grades. Then he hit high school at PHS and his life changed. He didn't have good study habits because school work had always been easy for him. He wasn't trying very hard. He wasn't interested in anything, as his mom I kept working with him to improve his study habits and to get interested in something. I suggested golf and he went for it. He liked it very much he even practiced in the summer.

His dad dream for Austin was to go to Ashland High School to learn Chinese. So we transferred him for the 2015-2016 school year. In addition, Austin wanted a change because even though he has gone through the Phoenix school district all his school career he did not have many friends. Then when the 2nd semester began, he came to me and told me he could not go to school anymore. He said he was tired of being someone he could not be. He said it was too hard for him to go to school and be social when all he wanted to do was his school work.. Therefore, we transferred him to Logos school where we think it is a good option so he can do his school work at home and still meet with a teacher.

Austin wants to continue with golf. He thought he wanted to practice on his own but I explained to him that it is a good idea to be on a team so that he can practice with other players and the coaches can teach him the proper techniques. Golf is one of the things that Austin really enjoys doing. That is why Austin and I think it is important for him to continue to play golf at PHS.

Thank you.

Dian Bordner
Austin Fung's mom

Austin Fung

In Logos I think i'll be successful because Logos gives the tools and opportunities to succeed in high school so I can have a bright future. Also I can gain college credit in highschool, so I can start out in a 4 year college, like Oregon State and save money. Also I can learn and work in my own environment and be comfortable in my own time to get my school work done. Also I am very studious, and want to go to college and I want to learn to be someone when I grow up

I want to Golf at Phoenix because I like to Golf, I did it last year at Phoenix and it was fun and I want to learn and get better. Also I live in the Phoenix district and go to a Charter School, so the only opportunity to Golf is at Phoenix.
