

To Whom it may concern:

My daughter MiKayla Wisbey has recently come back to Riddle High School. MiKayla would like to participate in Riddle High School Softball.

I would like to give you a little background about her being enrolled at Sutherlin High School.

As a result of her being bullied her grades suffered.

One of the many things she was made fun of was her red hair. On a daily basis she was called ginger ("that gingers have no souls"). There was very inappropriate comments like ("Does the carpet match the drapes")?

MiKayla suffered with this torment on a daily basis, causing her to fall into a depression.

MiKayla was scared to report this bullying for fear of back-lash from her peers.

Mikayla was also having some issues at home. She was having problems with her step-mom. These issues went un-dealt with because her dad worked very long hours. Without going into details her home life was suffering as well as her school life. Which in turn affected her grades.

One of the many things Mikayla enjoys is her sports. Sports keep her busy and happy. This is one of the many things she is good at so I would hate to keep her from it.

Please keep this into consideration as you make your decision

Thank You,
Lisa Wisbey
