Dear Mr. Welter,

I write this letter on the behalf of Cody Leuck. Cody had some challenges in his life that caused him to struggle during his freshman year. He admittedly got off track and has been working since he moved to live with his mom at the end of his freshman year. With that, he would like to be able to compete in multiple sports throughout his last years in high school.

Cody has demonstrated consistency in attendance and follow through throughout his sophomore year. He has committed himself to completing assignments, turning assignments in and meeting the expectations put in front of him by teachers and advisors. Cody also continues to challenge himself by taking difficult classes and a complete class schedule to make up for failed classes in the past.

Thank you for your consideration of eligibility for Cody. He is a good kid, with a positive and wonderful personality! He is a student who continues to strive towards success both in the classroom, and in athletics. Cody wanted to compete last year, but could not due to needs of his family, lack of attendance and failing grades. With that, Cody has committed to always working hard and striving to be the best student and athlete. Cody has developed reslationships with coaches, students, teachers and community members that have helped him feel welcomed and prepared to take on the challenges both academically and athletically. I am proud of Cody's progress this year and will continue to work with him weekly on staying on the right path towards graduation and overall success in life.

Sincerely,

K.T. Emerson
