

3-8-16

To: Lapine High

We had moved Cole Manning from Cottage Grove High for many reasons.

We as parents felt he was not getting the help with his IEP like he should have. Plus he had a confrontation with a teacher who later we found out he picks on one or two student in class regularly. If that student or students have a issue. He was getting to the point of not caring about school due to that and fighting with his sibling and mother so we decide it was time for a change.
