Dear OSAA Committee,

This letter is written on behalf of Zach Morgan a sophomore at Sisters High School. Zach is currently credit deficient from trimester #2 of the 2015.2016 school year. He was enrolled full time during trimester #2 and in December of 2015 he was removed from school due to a gastrointestinal illness. Due to his extensive absence (more than 10 days) he was required to be unenrolled from school. Zach has not been able to attend school on a regular basis and therefore will take a “NO GRADE” in all of his trimesters #2 classes. Zach is now back at Sisters High School full time and would like to participate in baseball this spring.

We are seeking a hardship for an exception to rule 8.1 Academic Eligibility as he did not earn any credits during trimester #2. Thank you for considering this hardship. Please don't hesitate to contact me if you have any questions or concerns.

Respectfully,

Tim Roth

To Whom it May Concern:

Zach Morgan is a patient of mine who has had an ongoing health issue since December of 2015. He is currently undergoing treatment with an expected return to school date in early March (likely the 7th). He will be healthy enough to play at that time. Please take that into consideration for his eligibility.

Sincerely,
Kristi A. Nix MD

To Whom it my concern,

We are the parents of Zachary Morgan, a sophomore at Sisters High School. We would like to request an exception be made to your eligibility rules that would allow Zachary to play baseball this 2016 season due to a medical hardship.

Zachary has been very sick off and on for the past 2 ½ months, starting in December 2015. He had extreme headaches, nausea, body aches, vomiting, fever, and ringing in the ears. These symptoms kept him from attending school regularly during this time period. Thankfully he is finally feeling better and will be returning to school.

Zachary would like to get back to his normal activities and would like to be allowed to play baseball this 2016 season. We are including letters from his Doctor documenting his illness and excusing him from his absences from school.

We trust that you will consider his medical issues and grant him the medical hardship that we are requesting.

Thank you for your consideration,

To Whom it may concern,

My name is Zachary Morgan. I am a student at Sisters High School. I would like to request an exception to your eligibility rules that would allow me to play baseball in the Spring of 2016 due to hardship.

I understand that my absence from school recently has caused me to become ineligible to play baseball this season. However, my absence has been completely out of my control. I have had ongoing medical issues since the third week of December.

I am feeling better and am returning to school and my regular routine. I sincerely hope that you will consider my situation and grant me the medical hardship that I am requesting.

Thank you for your consideration,

Zach Morgan
