Hi Russ,

My name is Kelly Rush and I am the Dean of Academic Support over at Phoenix. I have a student, Isaac Dennis, who is interested in playing track and field for RHS but it sounds like there is an issue with his transcript and grades. Specifically, the two "I" or incomplete grades from spring term of last year. We had our Social Studies teacher leave mid-year last year and we had a series of subs before we could find a long term sub. She is the person who awarded those "I" grades for both Academic Lab and Revolutions. I don't know what was incomplete in those classes so I don't have a way to go back, retrieve the missing assignments, and allow Isaac to make them up to earn an actual grade. I will tell you that our long term sub struggled in our more alternative environment and many students struggled to achieve passing grades in her classes. This, of course, isn't an excuse but I wanted to provide a bit of context. As you can see from Isaac's first term grades from this year he has done quite well and will be very close to on track for graduation next year. Do the incomplete grades disqualify him from participating in track and field this year?

Thanks so much for your help!

Kelly
