Re: Mackenzie Pierce

I am writing today to recommend Mackenzie Pierce be allowed to participate this semester in baseball if he is passing 5 classes and maintains a minimum 2.00 Grade Point Average. Mackenzie is relatively new to our school. However, I have coached his cousins. I know the family well. I believe there have been obstacles beyond his control that have caused him to suffer academically. It is my hope that being involved in athletics will help create a process and a system that will motivate and cultivate better performance in the classroom. Again, I would only wish he be allowed to participate once he is currently passing five classes this term and maintaining a minimum 2.00 Grade Point Average. I have seen documentation from our Counseling Office that a plan has been made for him to graduate within the four year time block from his start date of high school.

Thank you for your consideration. Please contact me with questions or concerns.

Sincerely,

H RUB
