

To whom it may concern,

I have just moved to Oregon from Tennessee, and I am looking to get involved in running track for my new school St.Mary's. I have never run track before, and just recently decided to try it as a way to be more involved and try something new. A few of the new friends I've made at my school run track and have encouraged me to do so as well. I thought it'd be nice to do something different since I am in a new place and have the chance to try new things.

Sincerely,

Mia Lawson

A handwritten signature in black ink that reads "Mia Lawson". The signature is fluid and cursive, with "Mia" on the top line and "Lawson" on the bottom line.
