Re Brogan Sams

Dear Athletic Committee:

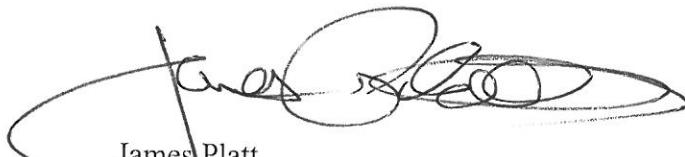

Brogan Sams is a senior student who is on track to graduate from North Valley High School this June. Sam has encountered significant challenges during high school. He moved from Glendale, to Lebanon High School half way through the 10<sup>th</sup> grade and then moved to North Valley High School his junior year.

In talking with Brogan the moves were very disruptive to his education. When he arrived at North Valley High School Brogan immediately requested help in his academics. He indicated that he believed he had a serious deficit in the area of English Classes. To our discovery he was significantly behind in his ability and comprehension of subject matter in this course area. Arrangements were made for Brogan to receive regular tutoring in English. Brogan faithfully attended individual tutoring and has significantly improved his skills in this subject matter.

In addition, Brogan was placed in an Adolescent Literature Class to improve his skills; he received a (B) in this class. He also has been working to complete additional credits on our computer Odyssey Wear Program to make-up credits.

This past semester Brogan has earned a ( C ) in Senior English, which is a result of hard work and dedication to improving his skills and abilities in English.

Based on Brogan's determination and determination and effort to move forward, I recommend that he be given an opportunity to be eligible to play baseball this season.

A handwritten signature in black ink, appearing to read "James Platt". The signature is fluid and cursive, with a large, stylized 'P' at the beginning.

James Platt
