

March 9th, 2016

Dear OSAA Board,

I am a senior who has had many hardships with school in the past. After receiving an Incomplete in Spanish 2 at Glendale High during my 10th grade year, I moved to Lebanon High School, where I continued to have hardships with online classes. I failed sophomore English B and Geometry; my hardship didn't improve until I came to North Valley High School. Even though I was a Junior, I wasn't ready for the curriculum.

I immediately began getting help from a number of people, and though I wasn't on track to graduate when I started at North Valley High School, I've worked hard to overcome my hardship and now I will be able to walk with the graduating class of 2016.

When my senior year began, I was behind 0.25 credits because of the Incomplete I received when I was at Glendale. For semester one of this year, I gained (4) credits, and will complete (4) credits semester two.

I hope that you can overlook the (0.25) credit that I lacked when beginning my senior year and support my athletic and academic goals.

Sincerely,

A handwritten signature in black ink, appearing to read "Brogan Sams". The signature is fluid and cursive, with the first name "Brogan" written in a larger, more prominent script than the last name "Sams".
