

To whom this may concern,

Hello my name is Olivia Clark-Gunter I am 16 years of age and I am writing this letter because I would like to file a hardship so that I can continue to play softball. The reason I am asking to file for a hardship is because about 4 months ago I left up state because I had tried to commit suicide. I had a lot of personal things going along in my life and so things kind of went downhill. The reason I am asking for a hardship to play softball is because, softball is my go to coping skill. It helps me focus and channel my thoughts and energy. Softball actually helps me a lot it helps me with my therapy and I really hope you accept this softball as always been my life and stressed or overwhelmed instead of self-harming I channel all that into softball. As for my grades go I did have school when I was up there at the children's farm home and continued school when I came back to North Valley. When I came back to North Valley I managed to salvage and pass two out of 5 classes. I am an excellent student and will be doing 7 regular classes and also continue with odysseyware so that I can continue to stay on track to graduate Thank you for taking the time to read this over and discuss it with fellow colleagues.

With much thanks Olivia Clark -Gunter
