

Hardship Appeals Committee

Dear Committee,

I am writing in behalf of Olivia Clark-Gunter to become eligible for participation in softball this season. Olivia has been a student at North Valley High School since her freshman year, where she has made great academic progress. At the beginning of her sophomore year she was dealing with depression and an overall lack of emotional wellness. As a result of this, she attempted suicide and was placed in a treatment/suicide watch facility for the majority of the semester. She has since returned to NVHS and currently has emotional stability in her life. She is currently thriving and would like to participate in a spring sport this year.

Olivia is ineligible due to the previous transcripted grade requirement of passing 5 out of 7 classes. Due to her facility requirement and treatment, she was not able to meet this requirement. Per her transcript, she is back and enrolled and doing well at NVHS. Please review her letters and allow her to participate and connect to our school community to continue her emotional healing and overall wellness. Attached are all her documents for your review.

Sincerely,

Erik Lathen
Vice-Principal / Athletic Director
North Valley High School
