

My name is Mr. Rabbe. I am Jade A. Lewis grand father. I recently have heard about Jade's problem with Track.

I hope you ~~have~~ ~~someone~~ can understand what Jade had to experience for 1 1/2 years. The ^{losing} ~~loosing~~ of her grandmother and her step mother just months apart cause Jade to be so emotional over her loss, that she could not concentrate on school. I was very glad when she came back and returned back to school. She has also returned in a positive manner and wanting to complete school as a good student.

Please if you can, let Jade finish school and let her experience a positive experience. let her return to track

Thank you

Mr. Rabbe

Jade's Grandfather.
