I, Mason went to Eagle Ridge High School my freshman year 2013. My dad got a job in Bend that year and came home on the weekends. The next school year we put our house for sale and came to Bend to be with him. We did not sell our house and went home so my mom could do a few home improvements. We came back and I went back to Eagle Ridge for the rest of the year. My parent put me in homeschool so i could spend more time with my dad in Bend. My mom got a job at the new semester at a grade school in Bend so we decided to move back here. We still have our house in Klamath Falls, but we live here at 60801 Brostergous rd in Bend.
