Eligibility letter

Gavin Peterson

To: Hello, my name is Gavin Peterson I came from Shelton, Washington. I came down here because I was struggling with my grades, my Mom didn't get on me about school, and the school I was going to wasn't a good school, so I decided to move to Bend with my grandpa so he could help me out in school ^{with} transportation, and just to give me a better life. In school back in Shelton I messed up by not doing good in my classes, going to school, hanging out with people I shouldn't be hanging out with, and also going to school but just not doing the work. I have changed since living with my grandpa, I've gotten way better grades, I go to school almost every day, I actually want to go to school now ^{that} after my grandpa lectured me, and also it's my last year of eligibility for sports and it would be pretty upsetting if I wouldn't be able to play, thanks.

Sincerely, Gavin Peterson
