

To whom it may concern,

My name is Logan Hall and I have written this letter concerning my eligibility for track. During my sophomore year, I got a concussion in gym class playing basketball. I had to do physical therapy as well as speech therapy as part of my recovery. During this time is when my grades began to drop. I am aware of my academic status and have taken steps to get back on track. I am currently working after school for my credits, as well as taking classes online. Track is a very important sport in our family and running track is everything to me. My aunt and my grandfather passed away when I was younger and the way I feel close to them is by running track. I am excited for this track season, and hope that you will consider what it means to me.

Sincerely,

Logan Hall
