Dave,

Please find West Linn's hardship request for Jorge Alcevedo. The only document that is not signed is the one from his former school's director in Durango, Durango Mexico. I talked with Peter Weber of the OSAA and he told me to use the form that I usually use to be able to submit the application, but let the committee know that we could not get the form signed due to the school being in Mexico. His official transcript from the school was brought by Jorge when he enrolled at West Linn High School. Please forward this information on to the principals at St. Mary's and Sherwood for consideration. Thank you for your time and consideration to our hardship request for Jorge.
