To whom it may concern,

I Candace Gingerich Mother of Devon Shay am writing today to explain why he transferred to Vernonia. He had moved to the Eugene/Springfield area to live with his Grandfather but his grandfather became very ill and had to have a major surgery and is still recovering from it. The bedroom Devon was using had to be turned into a recovery room for his Grandfather so Devon was forced out in the garage. Needless to say he made the decision to come back to Vernonia in December. He is doing well and has adjusted. He is very athletic and particularly looks forward to track season. I was asked to write a letter explaining his return to Vernonia.

Thank you for your time.
