Mr. Forrester,

Hello, I received your request for a letter in regards to Olivia Wee this morning. Here is what I can tell you from the information we have. Olivia attended Peninsula School District Schools From early childhood into high school. In high school she transferred from Peninsula High School to Henderson Bay Alternative High School sometime after beginning her 9<sup>th</sup> grade year. Then in her 10<sup>th</sup> to 11<sup>th</sup> grade year she began attending the Peninsula Internet Academy which is the online schooling offered by Peninsula school district. According to our records she is chronologically an 11<sup>th</sup> grade student. She should be graduating in the year 2017. We do not have records of her playing any sports while at Peninsula High School or Henderson Bay. There does not seem to be anything that would prohibit her from playing sports at this time.

Thank you,

*Elizabeth (Angie) Wehmeier*

*Athletic Secretary, Peninsula High School*
