TO: OSAA Academic Hardship Request

Re: Will Barnhart

I am writing to ask that Will Barnhart be granted a hardship waiver for his first semester failed class and he be allowed to run track.

Will is a good kid that may have had some first semester senioritis. He has not been the strongest student and has certainly struggled in math classes. He was enrolled in five classes first semester and failed his pre-calculus class. He has since been enrolled in an online pre-calculus class to recover the credit.

We have worked with parents to ensure Will makes it. He is motivated by track and this would help him keep his grades at a higher level. As a school, we would check his grades weekly and with any F he would become ineligible to compete until he had zero F's.

Thank you for any consideration in this request.

Jay Rodighiero, VP/AD  
McLoughlin High School

A handwritten signature in dark ink, appearing to read "Jay Rodighiero".
