**Subject:** Sabrina ineligible exception

Good afternoon Jon:

I'm writing on behalf of my daughter Sabrina, who has been deemed ineligible for the first part of the softball season due to an F in Geometry as well as a lack of 4 credits for OSAA rules. During February, her stepdad suffered a massive stroke, which resulted in a 3 week stay in ICU and a still-continuing stay in the hospital. This caused quite a disruption and distraction for our family, including Sabrina.

While I, in no form, justify her grade, I am asking for a bit of leniency under these circumstances. I thank you for any consideration you, the administration, and the OSAA are able to grant. Please let me know if you have any questions.
