To Whom it may concern,

I, Lanya Northcutt, mother of Netianah Northcutt excuse her from poor attendance which caused bad grade due to her involvement, unfortunately in a motor vehicle accident. Her injuries required several weeks of follow up doctor and ~~physical~~ ^{physical therapy} appointments. ~~in~~ addition she required pain medication that effected her need for more sleep. For these reasons, Netianah should be excused and allowed to attend & participate in her golf program including competitions, practice sessions, etc... Doctor's note upon request.

Thank You,
Lanya Northcutt
