

Hardship Request  
Netianah Northcutt  
March 31, 2016

To Whom It May Concern:

I would like to advocate for Netianah Northcutt being able to participate on the Aloha High School golf team this spring.

Netianah transferred to Aloha this fall, coming to us from Liberty High School in Hillsboro, Oregon. Netianah's family moved into our school this fall. The transition from her past school to a new high school as a junior was a transition. More importantly, she was involved in a car accident. The accident caused her to miss more school than normal and thus her grades diminished. Netianah has been a decent student in the past. She has earned 17 credits toward graduation prior to the current semester. She is on track to graduate.

I have found Netianah to be a person of character. She is doing much better this semester and really enjoys the friendships she has made through golf. She currently has 3 B's and A in 4 of her 6 classes.

We hope the OSAA will look favorably upon Netianah's situation and allow her to participate the remainder of golf season.

Respectfully,  
  
Thomas L. Bendt  
Aloha High School  
Athletic Director
