Dear OSAA,

I am Mai Vu, the parent of Joanna Do. Joanna moved back with me not too long ago. She did not like living with her dad all too much so she came back to me. She wants to graduate with her friends from when she was little.

I want her to continue playing tennis so that she can stay fit. I can tell she likes tennis a lot and wants to continue to play. She played for Parkrose when she was in the 9th grade. When she was with her dad, she played for her own school. It was good way for her to exercise.

I'm glad to have her back with me. I would love it if she could play tennis again.

Thank you.

Sincerely,

MAI T VU
