

OSAA

We have re-enrolled Brogan Sams into Glendale Highschool. The reason being is that my wife and I have just had our 2ND child. With only having 2 1/2 months left before he graduates and leaves for basic training. So I left the decision up to Brogan. The decision he made was to help the family by going back to Glendale. In doing this it has taken a lot of financial burden off of me. With the cost of fuel and the rest of the new baby expenses it's a big help. In the previous months it was not a problem even with having a new baby on the way as I worked swing shift at my job. But in the past month I have taken on a new job and it requires me to be at work at 5am which is just a big inconvenience for Brogan's mom having a new born and a 4 year old to get up and all that at 6am to take Brogan to school. Brogan is making big sacrifices in moving schools so late in Highschool, so I'm just asking for a little kindness to help my son out. I couldn't ask for a better son.

Thank you

Dear OSAA Board,

I have just recently transferred to Glendale High School from North Valley High School. The reason why I transferred from North Valley is because I personally decided to help my father and mother out. The ways I felt that my parents need help is financially and supportive. Financially because driving me to North Valley was depleting the bank account, supportive because we just got a new addition to our family.

My parents had left the decision to me about whether I will still stay enrolled in North Valley or go and re-enroll in Glendale High School. I personally believe I made the correct decision for my family and I considering the fact if something were to happen I would only be a couple minutes down the road, not thirty minutes away for school.

I am writing this letter hoping that you will overlook the fact that I transferred to Glendale High School in the beginning of the baseball season and allow me to play baseball for Glendale High School.

Thank you,
Brogan Sams
