My name is Jasmine Bautitsa and at the begining of the year I was explled because I involved myself to be in a physical altercation with another student. I was expelled but only for the semester, I wasnt passing any of my classes at the time which was the result of my expulsion. Afterwards, I was offered to come back at the begining of second semester. I declined because they transfered me to COIC after the incident and I didnt want to come to Mountain View and be lost or behind even more in my classes (for second semester). So Im currently enrolled full time at COIC. Since then I have been attending there and my grades have gone up efficiently, and as for my behavior that has changed as well. I did have consequences in regards to the situation which were paying off fees and serving community serivce. I did learn my lesson the hard way instead of being mature about it. In result, I take my time to comprehend the situation more rather than outbursting. I use my words to resolve conflicts instead of accusing and pointing fingers. If something doesn't go my way for any reason I dont argue back. I enjoy playing softball for Mountain View and this can be my third year if im allowed to play in games. It would be amazing to get more experience in to be able to play in college. It would be a major privilege if the OSAA allowed me to participate in a sport I grew passionately with.
