

OSAA,

The reason why Lexie Deserves to play Softball, is cuz she has really turned her life around this last year. Before living with my family she had lived with several other relatives and was making horrible choices and was severely depressed and cutting on herself and dropped out of school. Her parents got into ~~meth~~^{her} when she was 5 and her dad was deported and her mother still uses.

Cuz she has moved in with our family she goes to Counseling and ~~drz~~ not cut on herself. She ~~drz~~ equine therapy on Mondays, and is making positive decisions and is attending school regularly. Being able to play Softball will continue to encourage her.
