To Whom It May Concern:

My name is Holden Guzman and I am asking to receive a hardship so I can continue to compete in choir competitions. My credit total is low right now because I have been dealing with a heart problem. During my freshmen year I started having irregular and racing heart and pain issues in my heart. This caused me to have bad headaches, light headedness, shortness of breath. It was a very scary time for me and my family. That year I missed a lot of school going to doctors and emergency rooms and staying home and resting. Doctors have had a hard time diagnosing my problem. I am currently taking medication my heart issue. I take a beta blocker and xanax for any anxiety problems that I am having. I have continued to deal with these issues and I continue to miss an occasional school day.

My counselor and I have come up with a plan that will help me get back on track to graduate. I am going to take summer school classes and am going to start an online program that I will be able to do even if I am at a doctor's office.

Choir is something that I really enjoy doing. It is a time where I can relax and have fun. I do not want to lose choir.

Please consider my request.

Sincerely,

Holden Guzman
