

To whom it may concern:

The following are some of the primary reasons why Victoria Lasker moved to Roseburg Oregon and why she is currently attending Roseburg Highschool.

1. Victoria Lasker previously resided in Meeker Colorado, with a population of 1200. Meeker is a relatively small town this is reflected in the educational opportunities that it provides to the children who reside within the Meeker school district.
2. Victoria Lasker previously resided with her mother and grandparents. A month prior to Victoria moving to Oregon, Victorias grandfather became extremely ill this intensified the amount of time that her mother would have to spend taking care of her grandparents. Victorias mother decided that it was in her child's best interest to move in with Kristen B. Rowland whom is a close family member.
