Health Record # 1312-50-97

Regarding
Hannah F Monroy
4460 Auburn Rd NE
Salem OR 97301

To Whom It May Concern:

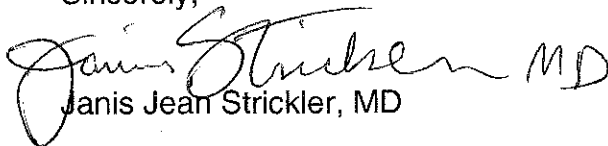

This letter is to confirm that Hannah Monroy is being seen in this clinic for treatment of her mental health difficulties. Her mental health difficulties have made it difficult for her to attend school full time and to work up to her academic abilities.

I understand that Hannah is very much wanting to participate in a choir competition and to be eligible to do this she needs to be taking at least 5 classes and needs to be making good grades. Because of her mental health difficulties, she is on a modified program and so is taking a reduced number of classes. Because of her mental health difficulties, she is having difficulty making good grades on a consistent basis

I believe that it would be beneficial to Hannah's mental health to be given the opportunity to participate in the choir championships competition.

Therefore, I am recommending that an exception be made to the usual requirements so that Hannah will be allowed to participate in this competition

Sincerely,

MD
Janis Jean Strickler, MD
